Coachella is a very famous music festival in California, USA. It happens in the desert city of Indio and many people go every year.

This year, singer Sabrina Carpenter opened the festival. She performed on Friday and surprised the audience with famous guests like Susan Sarandon, Will Ferrell and Sam Elliott.

More than 100,000 people attend the festival every day. However, there were some problems with the weather. Strong winds and dust made it dangerous, so DJ Anyma could not perform.

The weather service also warned that dust in the air can be bad for health, especially for people with asthma or lung problems.

Coachella is one of the most famous music festivals in the world, not only for music but also for fashion and celebrities.
